

2010 Art Quilt Exhibit Grand Opening May 15th

When the final tallies were in from our three amazing jurors - **Gwendolyn Magee**, **Trisha Hassler**, and **Libby Mijanovich** (who judged and rated independently), 32 pieces of art were chosen, representing artists from all over the world!

What a beautiful exhibit! It was our intention to showcase the artistry of Art Quilts, the myriad of styles and techniques available, and to provide an outstanding online experience of a medium that is traditionally only viewed "in-person." I believe we succeeded!

Take a moment and visit the gallery to view the [award winning artwork](#), and read the jurors comments about these talented artists.

Congratulations to these award winning artists and exhibit finalists.

From Art Quilt Juror Trisha Hassler:

"What a great experience it has been to review these works of art. Such a broad range of subject matter, techniques and personal styles was presented with great enthusiasm by all. The fact that the show is being produced completely online is very exciting and was very well executed by the people at Infinity Art Gallery. Our world is becoming smaller with the connections possible thru the internet and I find that truly exciting. I never tire of seeing what fiber artists create and I am grateful for the opportunity to be part of this show."
