

## Winter Expo 2010

Opening Date:

**January 1, 2010**

The Winter Expo 2010 Gallery is an exhibit of 56 juried award winners and finalists who submitted to an international call for Figurative, Abstract and Landscape/Still Life art.

When visiting the gallery contact the artists directly to either purchase their art or inquire regarding your interest in displaying their work in your gallery or museum.

Online at  
[Infinity Art Gallery](http://www.infinityartgallery.com)

## Coming Soon - Artist Portfolios - Online

More and more, gallery owners are finding the artists they want to represent and collectors are increasingly buying art - online. To increase artist visibility Infinity Art Gallery will begin presenting high quality artist portfolios at the gallery. Like a hard copy portfolio, these portfolios will offer exposure for artists by presenting a selection of their best and most recent artwork as well as their biography, an artist statement, outstanding achievements and/or upcoming exhibits.

The artist portfolios are designed to display the artists' work with exceptional quality. Internet search engines will find portfolios by artist name and image searches. In addition they are associated with Infinity Art Gallery, which receives international exposure and a high volume of art specific traffic. As always at Infinity Art Gallery, there will be direct links to artist websites and contact information. Artists who have gallery representation can also have direct links to their galleries.

ARTISTS: Some artists are using this as a compliment to their website. Others use it in lieu of having a website. Examples and instructions on how to set up your personal artist portfolio will be available soon.

---
